**Mariaveen School Students  
Germany**

Dear Students of the Mariannahill School in Mariaveen,

### **Re. Gratitude for Euro 3,000 collected for COVID help at Athi School**

Greetings from Nairobi.

We write to say a big thank you to you for your kind assistance to Athi School with Euro 3,000 which you collected through hard work with cleaning exercises in the neighbourhoods of Reken. Thank you so much and may God bless you in your sacrifice for the sake of the poor in this school. It is amazing and touching to hear of these initiatives and sacrifices of love on your side.

The COVID-19 situation in Kenya is getting worse with this Delta Variant now taking center-stage and the weather now getting cold. The rates of infection have shot up high. Thank God many people are now realizing the important of vaccinations against this disease, after initial misinformation and all kinds of theories against taking the Vaccine. The Kenyan Government is trying its best to encourage people to take counter-Coronavirus measures but very often one wishes more could be done. Schools, which were closed once again due to the rise in infections, have now been opened, as life must continue and cannot stand still forever. It is for this reason that this help becomes even more important, with procurement of Sanitizers, Masks, disinfections, soaps and meals to help students and parents directly and indirectly.

Thank you once more and God bless you and the greater school of Mariaveen.

Yours in Christ,

.....  
Deacon Paul Omweri Omari CMM  
Regional Treasurer

.....  
Fr. Patrick Chongo CMM  
Regional Administrator
